# GOSSIP OF THE RACETRACK

PUBLIC TOO EAGER TO PLAY HORSES AT FALSE PRICES.

Last Year's Form Doesn't Mean Much at This Time, When Racers Are Short of Work-Wave Crest's Case an Illustration Dave Johnson's Lost Opportunity

The frequent mistake of making horses favorites at this time of the year because achievements last season was well illustrated in the running of the Union Stakes at Aqueduct yesterday. Although he had shown much in his work, Frank J. Far-Wave Crest, by Star Shoot, was made an odds on favorite. This was due to the fact that, he showed some class last year and made some of the best two-year-olds extend themselves in stake events. When asked about Wave Crest in the paddock before the race his owner made no secret of the fact that the gelding was not at his best t that he needed several races to put him proper condition. But the public grabbed short odds with avidity, only to find out that Wave Crest had run up to the expectations of the stable connections. Alanda, who was beaten by Wave Crest last year, was backed down half a point to 2 to 1, and though it was his first appearance this season he was fit and ran up to his best form. it is usually the case during the early stages of the racing season that many false favorites are served up to the public, and in this case Wave Crest was overestimated without arrant

Dave Johnson's face was a study when Tim O'Toole, bearing his colors, won the ould have pulled off a sensational killing with this horse, but he is not betting much nowadays, because of the new edict against the plungers, and when Tim O'Toole won at to to 1 it is a fact that Johnson did not have o much as a case note on his chances. Tim Toole broke down last fall, but during the sinter Trainer Weir patched him up so that he appeared to be perfectly sound yesterday. He opened at 6 to 1, but as no wager from Johnson made its appearance in the ring the odds soared until there was as much as 12 to 1 on tap on some of the layers' slates. didn't believe he had a chance in the

to win," exclaimed Johnson as he looked the horse over when he came back to the scales. "He is liable to b reak down at any time, and I thought it was simply fool business to throw away even a sympathy bet on him.

The success of Tim O'Toole was a streak of luck for the chalkers, as they would have been well scorched if Troublemaker had landed in front. Troublemaker was backed from 6 to 4 and was only beaten a snoot. Frank Lord and Poquessing were equal favorites at 3 to 1, while P. T. Chnn's Chalfonte was well taken at 4. Teacress was also a supposed good thing at 6 to 1. McDaniel, who rode Troublemaker, wore the colors of J. W. Colt, although the colt ran in the name of his owner, E. R. Bradley. Grapple is in great fettle," said Frank

J. Fatrell as he looked the Woolsthorpe gelding over in the stall before the third race, I do not know whether he can win with 126 pounds on his back. It is a pretty heavy load for him to carry." That seemed to be the prevailing opinion of all the smart men at the frack, for they steered clear of Grapple until he had receded in the odds from 7 to 5 to 3 to 1. Meanwhile the talent backed Cressina from 6 to 5 to evens, although she carried 118 pounds. The Newcastle Stable's Big Chief also received enough support to reduce his price from 4 to 1 to 13 to 5. At the last minute Mr. Farrell decided to put a small wager on Grapple, and his friends followed suit. The layers, however, were not anxious to handle much on Grapple, for many of them refused \$100 bets at 3, then and even at 9 to 5. Grapple, who won the Metropolitan Handicap two years ago for John A. Drake, gave six pounds to Cressina and two to Big Chief. Shaw rode him with superb judgment and received a round of applause when he came back to weigh in. P. T. Chinn had all of his speculative friends

down on Madrileno, in the first race. Chinn tried to put this youngster over the plate Wednesday, but Apron and Intervene heat him. But in yesterday's race Madrileno met a different class of two-year-olds and beat them to a frazzle. He was backed down to 9 to 5, the public showing a marked preferonce for him. The B. & O. Stable was represented by Sight, a son of Gerolstein Optic, who was in demand both ways, while the Oneck Stable's Desolate, a son of Fatherless-Roselia, was also in some favor. Mr Keene started a filly named Primrose League by Voter-Dorset Flower, in the race, but the smart people evidently had a good line on her as she went up in the prices from 3 to 6 and ran accordingly. Once more the players overlooked the entry of Barney Schreiber Guy Pisher, a colt by Sain-Appollonia, who was quoted at 20, 7 and 3.

last year Mr. Keene's Besom was believed to be a cracker sack, but when he started for the first time at Sheepshead Bay he was badly beaten. It was such a disappointment to Mr. Keene and Trainer Rowe that Besom was kept in the barn the rest of the year During the winter he was gelded, and when he won the last race yesterday he performed like a stake winner. In the speculation he opened at 2-to 5, but went up to 9 to 10 simply because the players would not take such a short price. The paddock sharps believed that Besom would out as usual, so they went to William Lakeland's Question Mark, a colt who raced on even terms with the great telfa for about half a mile in a stake event Brighton Beach last summer. Question Mark, therefore, was liberally supported at 7 to 2, with much place backing, but he turned out to be a counterfeit. Julius Bauer's Racquel, a filly by Previous, was supposed to be ready for a killing and was backed from o to 10, but she was shut off and knocked about until she had no chance to get near the money.

Harry Stone, whose license was revoked last season by the National Steeplechase and Hunt Association, was reinstated esterday and rode J. W. Colt's Gus Straus n the steeplechase. It is understood that one will be compelled to ride exclusively or Mr. Colt this year. Gus Straus on form noked like a sure winner, so the public backed im from even money down to 9 to 10, but the really wise men took Jim McGill after he had gone up from even to 6 to 5. It is a mestion whether McGill could have beaten Straus if the latter had been able to stand up Both pecked at the same jump going up the backstretch for the last time, but Straus finally took a header. Stone was knocked ut for a time but was able to ride back to he paddock in the patrol judges' wagon. T. Hitchcock, Jr., who has been abroad all sinter, has returned and was at the track resterday. He said that he witnessed the

did not buy any horses on the other side. Walter Miller will not begin to ride here ntil about the first of June. He is under contract to T. H. Williams, the owner of the Oakland track, and is receiving a salary of \$1,500 a month. Miller writes to a friend that Williams may not send any of his horses fast this year as they seem to be a poor lot The crack jockey is able to ride at 105 pounds still, but it is an effort for him to make the

Grand National Steeplechase, which was won by Rubio, an American thoroughbred. He

Some fun was made over the fact that when the layers quoted 3 to 5 against Besom they really broke the new \$5 rule, as they actually bet \$3 against every \$5 wager made on the heene horse.

A rule ought to be passed compelling the bookmakers to lay not less than even money in such cases," said a wag. "Then we pikers will have a chance to get something."

Capt. Duhain of the Pinkerton service apped a new scheme of the poolroom men in the bud just before the second race. He fol lowed a man out of the track to a barn about quarter of a mile away, where he discovered a telephone over which the information was sent to the city. The telephone was in charge of the sleuths the rest of the day and was aken out last night. The poolroom men say bey are getting no information at all and that if the present vigilance is kept up all rooms in the city will be closed within the text ten days because of a lack of business. % ten days because of a lack of business.

greatly curtailed the speculation at the track, it is a fact that people cannot bet as much money now as they did last year for the excellent reason that they haven't got it. Men who thought nothing of betting \$500 to a race last year are now lucky, they say, to be able to wager \$100 on each event. beckmakers say that the general lack of money would have cut the betting down anyway, regardless of the reforms. One of the biggest layers yesterday found that several of his customers could not make good their markers for several days and that he was in need of \$2,500 in ready cash. It took him nearly one hour to dig up \$2,000, as all

his friends were well tied up. There was a rumor that Roger Minton, who recently severed relations with Sam Lazarus, would train for R. F. Carman in future. Minton has several offers under consideration and leaves for Baltimore to-day with a number of horses that will be raced at the Pimico meeting.

A feature is the Freeport Handicap, at seven furlongs, with Jack Atkin, Rifleman and Rialto having good chances. For the Winfield Steeple-chase, at about two miles, Thistledale, Palm and Kara look best. In a handicap at six and a half furlongs Voorhees, Sir Lynnewood

and a half furiongs voorhees, Sir Lynnewood and Halket may go well.

Two-year-old fillies will provide the first race, at four furiongs, with My Mariutch, Black Mamie and Indomitable possible factors. Platers will run in the third race, at a mile, with Royal Lady, Voorhees and Juggler perhaps the best. Malden two-year-olds will meet in the fifth event, at four and a half furiongs, with St. Withold, Chaperone and Ramble perhaps the best of a big field. The entries follow:

#### Mrs. Wallach and Miss Adee Reach Final Round in Indoor Doubles.

Mrs. Barger-Wallach and Miss Juliet won their match in the women's doubles in the St. Nicholas Rink lawn tennis tournament

the St. Nicholas Rink lawn tennis tournament yesterday and thereby qualified for the final round this afternoon against the Misses Wildey. This promises to be a close and exciting match even though the Misses Wildey put out Mrs. Pouch and Miss Moore in straight sets, because Mrs. Wallach and Miss Adee play a very steady and methodical game, one likely to bother their rivals.

Mrs. Wallach and Miss Adee yesterday opposed Mrs. Walter C. Aufermann and Miss. Esther Smith in the semi-final round and won 6-4, 6-3. The points in the first set were 36-30 and in the second 31-22.

Besides the final in women's doubles which promises great things. Beals C. Wright and Holcombe Ward, many times, winners of the national championship in doubles, will oppose Raymond D. Little and Theodore R. Peli. The play will begin at 2 o'clook sharp. Frederick S. Mansfield of Boston will be umpire The play will begin at 2 o'clock sharp. Frederick S. Mansfield of Boston will be umpire and scorer of the matches.

### FAST TIME OVER HURDLES. W. M. Rand Equals Harvard Record of 15 3-5 Seconds.

CAMBRIDGE, April 17.-The seniors had a lean sweep in the annual interclass track games at Harvard this afternoon, totalling 48 points. The juniors were second, with 29 points, the sophomores next, with 251-3 points, and the freshmen last with 142-3 points. The weather conditions were splendid and the track in the best condition it has been

the track in the best condition it has been this year.

The feature of the day was the equalling of the college redord of 15 3-5 seconds in the high hurdles by W. M. Rand. All the performances were good, and Herbert Jaques, the freshman runner, led all the way in the half mile, winning in 2 minutes 1 3-5 seconds. Laurie Dodge took both the dashes, but Bangs defeated the favorite, Stephenson, in the shot put. The seniors captured five firsts and in three events took both first and second places.

ATHLETICS HITS AND NEW YORKS ERRORS LOSE GAME.

St. Louis Shuts Out White Sox and Is at the Top of the American League Heap Clevelands Take 12 Inning Battle From Detroits One for Washingtons.

There now is only one American League team with a clean slate. The St. Louis Browns are at the top of the heap, with no defeats. They shut out the White Sox yesterday, and Rube Waddell, the Athletic castoff, held the Sox to one little hit. The New Yorks were downed by the Athletics, and the Bostons got theirs from the Washingtons. The Clevelands and Detroits had a furious battle of twelve innings, which the Clevelands won. The results:

Philadelphia, 8; New York, 2. Washington, 2; Boston, 1. St. Louis, 1; Chicago, 0. Cleveland, 12; Detroit, 8.

STANDING OF THE CLUBS. PHILADELPHIA (A. L.), 8; NEW YORK (A. L.). 2.

PHILADELPHIA (A. L.), 8: New YORK (A. L.), 2.
Another youngster of quite recent obscurity was fished up by Manager Mack yesterday and put in the box against the New York Americans. This one won his game and gave the New Yorks their first defeat, it was a onesided defeat, too. The score was 8 to 2. The pretzel battery, Schlitzer and Schreck-old age receiving youth-was a more efficient combination in the points than Griffith could produce. This is no reflection on Jack Kleinow, He was all right, but Griffith's two veteran pitchers. Orth and Chesbro, were not effective. There is no doubt whatever that the weather was too cold for them to be at the best-these old timers don't limber up when the weather is wintry as young pitchers do-and there is no occasion at all to read obsequies over Orth and Chesbro simply because they were not invincible yesterday.

Nor was the liberal scoring indulged in by the Athletics all the fault of the pitchers. The fact that they made eight runs obtained a dozen hits is easily explained. They bunched hits in a couple of innings and those were the innings in which the New Yorks made errors. The home team's fielding was sporadically ragged, the raggedness being when the Athletics were hitting. The combination is one under which something usually gives way.

In the first and second innings the hillmen

being when the Athletics were hitting. The combination is one under which something usually gives way.

In the first and second innings the hillmen had good chances for a run, but couldn't penetrate Schlitzer's delivery with men on bases. Hemphill was left at third after tripling to the fence with one out. Niles swung a peach of a hit to right in the third inning, and with his speed it looked like a home run sure. But the ball struck a soft spot in the turf, and being thrown in straight and fast by Commbs and Murphy Niles was nipped at the plate. In the next inning Nicholls hit one to the same place, but the ball rolled to the fence and Nicholls made an easy homer. In some towns the circumstances of these two home runs would be calarged upon to show how the winners had all the luck, but the case yesterday was one of losing because of being outplayed.

After Nicholls had gone panting to the bench Conroy made a bad throw of Collins's tap. Davis sacrificed to Chase, who fielded the ball to second with amazing quickness.

tap. Davis sacrineed to Chase, who helded the ball to second with amazing quickness. He was too quick for Elberfeld, who muffed the throw. Collins and Davis advanced a bag on the Kid's error. Collins scored on Murphy's fly to centre and Davis scored on Coombs's single. In the sixth Nicholls gave the boots to Chesbro's grounder and Jack poked along two stations on a bree of wild. the boots to Chesbro's grounder and Jack poked along two stations on a brace of wild pitches. Niles fited out, Keeler upset Schlitzer with a calorie punch, Stahl doubled to the left field fence and tallied Chesbro and Keeler sifted home on Elberfeld's out, Collins to Davis. The New Yorks threatened to smear Schlitzer's service, but Collins ended the invite with a fire rick, up of Chass's bot he inning with a fine pick up of Chase's ho hot and Mr. Schlitzer's equilibrium was main

shot and Mr. Schillzer's estimated tained.

The Athletics put on the finishing touches in the seventh, while the New Yorks never got together for a second rally. Chesbro started it with a low throw past first of Coombe's weak stab. Moran struck out on a spitter and Schreck bounced a single over Chesbro's thatch. Chase made a diving stop of Schiltzer's liner and got his man. Hartsel walked and Conroy missed Nicholis's roller. Then came clean hits in succession by Collins, Davis and Murphy, the whole painful ensem-

PHILADELPHIA, April 17.—The Phillies gave one of the worst exhibitions of baseball they ever were guilty of this afternoon, and before a big crowd the New Yorks won the odd gaine 4n the series hands down by 14 to 2. The Quakers had a decidedly off day. They could not hit Wittee, fielded like amateurs and forgot such a thing as gray matter existed when it came to pulling off a play to retire the heavy scoring New Yorks.

The Brooklyns got the jump on the Bostons at Washington Park yesterday afternoon. They opened with a rush, making three runs in the first inning. The home team did not score after that, but the lead was just enough to insure victory. Wilhelm pitched so vailantly for the Brooklyns that every effort of the Bostons to catch up was repulsed. The youngster was as steady as a church under fire. Patsy Donovan said when he came back from the South that Wilhelm had a spitter that would do damage to opposing batting averages, and Wilhelm showed yesterday that his boss was no phony prophet.

After Pattee had whipped the ozone in the first inning Maloney took a less strenuous but equally effective method of getting on. He waited for four balls. Burch punched a single over second and Jordan banged the leather for two bases, scoring Maloney and Burch. Whitey Alpermen flung a single to starboard and fetched Jordan home. AMONG THE AUTOMOBILISTS

ON BRIARCLIFF COURSE. Stearns Driver Does Best Round in Yesterday's Practice for Stock Car Event in

Westehester County Next Friday-Bet-

ting by Entrants May Disqualify Them.

Guy Vaughan was credited with the fastest round of the course during the practice hours yesterday morning on the Briarcliff circuit in Westchester county, driving his Stearns around one lap in 45 minutes 40 seconds. As the course is declared to be 32% miles around Vaughan's speed was better than 42 miles an hour. Ralph Mul-ford broke the right rear wheel of his Lozier while making a sharp turn near Millwood, but the car was not damaged, as he made another round of the circuit after putting on a new wheel. Barney Oldfield and F. W. Leland had the other two Stearns cars out and drove over the circuit in less than 50

Emanuel Cedrino and Edwin H. Parker, he Fiat drivers, were out together in a Fiat couring car studying the course. They circled the course three times, as also did A. C. Campbell with the Allen-Kingston. George Robertson was out with the Panhard and both Simplex drivers, William Watson and Morton J. Seymour, were also out for practice. Louis J. Bergdoll of Philadelphia arrived on the course with his Benz late Thursday night and began studying the circuit yesterday in a big Welch touring car.

It was reported yesterday that a control would be established at Mount Kisco, the competing cars to be compelled to travel through the town at reduced speed. The oil has been sprinkled all along the east side of the course and the entire circuit will be finished in a day or two. Edgar Apperson of Kokomo, Ind., said yesterday that H. A. Bruner, president of the Rockford Bit Company of Kokomo, was in town with \$5,000 to wager on Berbert Lytle and the Apperson entry. Mr. Bruner thinks so well of Lytle that he offers 5 to 4 against any American car and driver or 4 to 5 against any foreign car and driver. Jefferson De Mont Thompson, chairman of the A. A. A. racing board, announced yesterday that betting by entrants or drivers would render them liable to disqualification according to the provisions of the A. A. A. racing rules.

WILKESBARRE, Pa., April 17.—A committee of the Wilkesbarre Automobile Club, consisting of President George F. Lee, D. C. Roberts and Thomas A. Wright, returned to-day from New York city and announced that the official sanction of the A. A. A. for the third annual hill climb up Giant Despair on Wilkesbarre Mountain on May 30 will be received early next week. It has been delayed by the disagreement existing with Walter C. White regarding the prize for the free for all event at the last meet and this has finally been adjusted.

The bureau of tours of the Automobile Club of America has sent out a copy of a letter received by the club from R. F. Ruthven Smith, a member of the Automobile Club of Switzerland, who had an experience in Italy that will undoubtedly deter a great many other automobilists from touring in that country. The letter reads in part as follows:

"On November 5 I left Genoa for Milan in my Martini and on passing through Sampier-darena a small boy, aged 6, suddenly ran out from behind a passing cart toward my motor; in trying to stop he slipped, one wheel going over his leg. The accident was quite unavoidable on my part; I myself was driving, at not more than ten kilometers—six miles—an hour, and was taking every reasonable precaution. Stopping at once and finding his leg was broken I drove him to the nearest hospital, where he remained about six weeks. spital, where he remained about six weeks, nospital, where he remained about six weeks. On arrival at the hospital my car was sequestrated by the police and has only just been liberated after nearly four months. After leaving the hospital I was taken by the police before the local magistrate and made my deposition. When released I went into General, who said he could not interfere until

seneral, who said he could not interfere until there was a miscarriage of justice and recommended to me the lawyer to the British Consulate; he said, moreover, he would do what he could to hasten the release of my car.

"By the advice of the lawyer I paid the boy's father 1,200 francs and also the fee of the lawyer consulted by him. This was solely to expedite matters, for I did not at any time admit any liability whatever I got a time admit any liability whatever. I receipt from the boy's father and also a ment showing that he was perfectly satisfied, that he would make no further claim and that there existed no quarrel between us. For nearly three weeks the authorities led me daily to expect the release of my car, saying that the evidence would soon be complete and that they would have the consider and that they would have the con-

saying that the evidence would soon be complete and that they would hurry the case. Then I was told the evidence was conflicting for the boy's version was to the effect that he was at the time of the accident standing on the pavement, that my mudguard caught him and dragged him under the wheel; but obviously the motor car must have been near the middle of the road, as there were carts on either side of it.

"When the officials decided that they were too busy to consider the matter, which must wait until after the boy's complete recovery. I got permission to bring my motor car into Genoa to a proper garage, where I left it. They insisted throughout that I was responsible for the whole expenses of the garage, as well as for any further expenses which might well as for any further expenses which migh be incurred during the course of the pro-ceedings. Besides these expenses there have been the compensation to the boy's father the lawyers' fees and other items, which the lawyers fees and other items, which have amounted attogether to a considerable sum. I was travelling with a triptyque, which lasts three months in Italy; it was issued to me by the Automobile Club of Switzerland, of which lam a member. With great difficulty and after much correspondence, having had to make a personal application at Iselle, the port d'entrée, the time was prolonged two months without the payment of a fine. This enabled me to bring my motor car out of Italy before its expiration.

"It has been suggested by many that by

"It has been suggested by many that by making a substantial depost in lieu of my car the car itself might have been released; but the officials refused to consider this, and I was strongly advised by my lawyer in Genoa not to press the point, as it would be very unlikely that the money so deposited would be refunded for a year or more after the care had been dismissed.

"The certificate of the boy's complete recovery was sent to the authorities about six weeks after the accident. But in spite of this, the compensation to the father, the repeated conferences between my lawyer and the officials, the efforts of the insurance agent, the influence of the chairman of the Italian Touring Club, and the representations of the British Foreign Office through the Consul-General in Genoa and H. B. M. Ambassador in Rome, it was not until February 26 that the hearing of the case took place, with the result that after the same witnesses had been called who had given evidence in November, and precisely the same evidence being given (except that now the boy told the truth partially, that he had been in the road at the time of the accident), the Public Prosecutor withdrew the charges against me; the president of the court exonerated me of all blame and allowed the immediate release of the car. It was not until three days later that my motor car was actually liberated." liberated.

Experiments are to be made with the sand roads of Minnesota by which George W. Cooley, engineer and secretary of the Minnesota State Highway Commission, hopes to make them better litted for traffic. He has had clover planted in the roads and along the sides. When the clover has attained a good growth he will have it cut and mix it with the sand of the roadway. He hopes that this treatment will change the character of the soil so that it will make better highways.

Charles B. Harper, secretary of the Auto-Charles B. Harper, secretary of the Automobile Club of Southern California, has promised that members of the organization will provide sixty automobiles to entertain the officers of Admiral Evans's fleet in Los Angeles on Thursday, April 23. The Southern California Automobile Dealers Association has agreed to furnish at least twenty-five cars for an automobile parade in honor of the fleet's officers and men on Tuesday, April 21.

There is to be a local show in Dayton, Ohio, during the week of April 27 to May ?, to be conducted under the auspices of the Dayton Automobile Dealers Association. It is to Automobile Dealers Association. It is to be held in an armory and was originally scheduled for the previous week, but had to be postponed on account of a misunderstanding over the dates, but the postponement is welcomed by the dealers, as it will allow more time in which to make preparations for the exhibition. Before the show is formally opened an automobile parade will be held and the dealers hope to have several hundred cars in line. Prizes are to be given for the best decorated cars.

The Automobile Club of Cincinnati opened new headquarters in the Gibson House at Cincinnati on Wednesday evening, April 15.

According to advices from Berlin the committee of the Imperial Automobile Club in charge of the touring contest for the Prince Henry of Prussia trophy has notified entrants that each car must be fitted with a speedometer in such a position that it can be seen by the official observer at all times so that he can control the rate of speed at which the car will travel. The routs for the tour has been changed materially and the daily stages are now as follows: Berlin to Stettin, 298.5 kilometers: Stettin to Kiel, 398.5 kilometers: Kiel to Hamburg, 388.3 kilometers: Hamburg to Hanover, 287.9 kilometers; Hanover to Cologne, 52.8 kilometers; Cologne to Trier, 280.3 kilometers, and Trier to Frankfort, 230.5 kilometers, or 1,343 miles. The hill climbing contest will be held at Bacharach in the Rhine district and the speed trials at Itzelios.

Contestants are also told that a reduction has been made in the weight of the cars, which now must weigh 500 kilograms and not 860, as was provided in the first set of conditions. This does not include spare tires, inner tubes, fuel, water and oil, but in order to facilitate According to advices from Berlin the com

NEW SHAMROCK A FLYER. Cutter to Be Launched for Sir Thomas Lipton To-day Modelled as a Challenger.

Special Cable Despatch to THE SUN. LONDON, April 17 .- No authorized details of the new Shamrock which is to be launched to-morrow for Sir Thomas Lipton have been given out, but she takes the character of nodel of the prospective challenger. She is drawn on the finest lines, but is shorter on

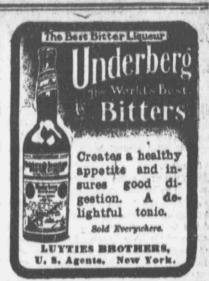

is drawn on the finest lines, but is shorter on the water line than the previous Shamrocks. She also partakes less of the skimming dish type and she will be habitable.

The boat will have an auxiliary electric motor for special occasions. Her internal fittings will eclipse anything yet attempted aboard cutters, but every detail has been studied to insure stability combined with lightness. African mahogany and Australian oak are laffely used for the fittings. There are elaborately carved sideboards and panellings representative of commerce and navigation.

Capt. Sycamore, who will command the yacht, is of the opinion that she will prove the speedlest cutter ever built. Her lines will not be divulged and the public will not be allowed to see her in the drydock. It is stated that tank experiments have shown that she is far ahead of all previous Fairlie boats. Her builder had carte blanche.

STILL SUBDUING FRESHMEN. Those at Cornell Must Stay at Home for

Their Sports. ITHACA, N. Y., April 17 .- The Cornell athetic council to-night took radical action-against freshman teams by forbidding any out of town meets or contests during the present year. This will be another blow to the freshmen, who are just recovering from the announcement that the council would provide them with no money this year. The freshman crew will not be seriously affected, however, as it will take part in the Poughkeepsie regatta, which comes after the college term is over. term is over.

The selection of the football field coaches.

The selection of the football field coaches.

The selection of the football field coaches for next year has been settled and Cornell will have Bunny Larkin, guard on the Red and White in 1902 and 1904, and Neddy Earle, last season's halfback, as directors.
